# SBK Consultations

*Discover how to scale and monetize your business!*

I created Scent by Kennadi, a scented soy candle company, in Feb 2019. By Dec. 2019, I was able to quit my full-time job and financially rely on SBK. In July of 2020 (during a pandemic), I was able to relocate across the country with my 2 y/o.

You may be asking yourself, how did she do that? I grew my business and created additional sources of income to increase my revenue.

Let me show you how to do the same!
